YOUTH COMMUNITY LEADERS:

Youth In Action! is looking for youth who are interested in positively impacting their community while collaborating with other young people! You must be able to attend weekly NAZA-funded program visits, where you will lead activities and collaborate with middle schoolers to create community based projects. Youth Community Leaders will also meet with the larger Youth In Action team monthly to share progress, support, and share ideas on city-wide issues. The team will collectively plan and hold community events and conversations to elevate youth voice and advocacy in Nashville.

OTHER WAYS TO STAY INVOLVED:

- Youth can apply to be monthly participants or attend our public events as scheduled
- Adults and others can sign up for NAZA's newsletter to hear Youth In Action updates and events
- See NAZA's website under Youth In Action!
- Follow us on social media
- Share this opportunity with others you know!
